Tasaka, Hironobu, 270
Thompson, J. Robert, 583, 592
Thompson, Millie A., 565
Topperman, Sam, 728
Tsuji, Shusuke, 832
Tsukuma, Shunji, 758

United States Public Health Service Tuberculosis therapy trial, 329
Urabe, Kaoru, 120, 270
Utz, J. P., 925

Veterans Administration-Armed Forces Cooperative Study on Chemotherapy of Tuberculosis, 6, 823

Waring, William W., 77, 764
Wayne, Lawrence G., 738
Wells, Arthur F., 618
Westerman, M. P., 701
White, Ellison F., 728
Williams, Temple W., 925
Windman, I., 706
Wong, Jean A., 869
Woodruff, C. Eugene, 363
Wyatt, Sheila L., 768
Wynder, Ernest L., 679

Yamaguchi, Susumu, 762
Yamamura, Yuichi, 839

Zickmantel, R., 252

SUBJECTS

Acid phosphatase
activity of mycobacteria (Notes), 279
and alkaline phosphatase and aminopeptidase in tuberculin reaction, 245
Adjuvants, effect of, on nonviable antituberculosis vaccine and on live BCG, 565
Airways obstruction in chronic obstructive lung disease, 665
Alkaline phosphatase, acid phosphatase, and aminopeptidase in tuberculin reaction, 245
American Thoracic Society
Necrology, 946
Notices, 140, 299, 449, 621, 780, 946
Organization and Committee Structure, 1964–1965, 128
Preventive treatment in tuberculosis. Statement of Committee on Therapy, 297
Untoward reactions to drugs used in initial chemotherapy of cavitary tuberculosis. Statement of Committee on Therapy, 293
U. S. Public Health Service Task Force Report on Tuberculosis Control. Joint Statement by the American Thoracic Society and the American College of Chest Physicians, 447
Aminopeptidase and acid and alkaline phosphatase in tuberculin reaction, 245
Amphotericin B reactions: vomiting, reduction of (Notes), 925
Antigens of *Nocardia asteroides*, extracellular, 391, 400
Arteriolar-alveolar nitrogen tension difference in children, by chromatographic analysis of urine, 77
Aspergillosis, bronchopulmonary, complicating pulmonary tuberculosis, 262
Atelectasis, nonobstructive (case reports), 909
Australia, western, atypical mycobacteria in, 887

BCG, live, effect of adjuvants on, 565
BCG vaccination, cause of skin hypersensitivity? (Notes), 927
Blood ammonia concentration, lack of effect of isoniazid on (Notes), 108
Books
Antibiotica et Chemotherapia. Volume 11, Second International Symposium of Chemotherapy, Part I. Edited by H. P. Kuemmerle, P. Preziosi, and P. Rentchnick, 621
Antibiotica et Chemotherapia, Volume 12, Pharmacokinetics and Drug Dosage. Edited by E. Freerksen *et al.*, 778
Basic Mechanisms in Animal Virus Biology. Symposia on Quantitative Biology, Volume XXVII. Edited by Leonora Frisch, 776
Clinical Practice and Physiology of Artificial Respiration. By J. M. K. Spalding and A. Crampton Smith, 622
Conceptual Advances in Immunology and Oncology. Sixteenth Annual Symposium on Fundamental Cancer Research at University of Texas M. D. Anderson Hospital and Tumor Institute, 945
Contribuição ao Estudo da Quimoterapia da Tuberculose Pulmonar. By Hélio Fraga, 944
Elementary Medical Statistics, Second Edition. By Donald Mainland, 125
Handbook of Physiology. Section 3, Respiration, Volume 1. Edited by Wallace O. Fenn and Hermann Rahn, 621
An Introduction to Respiratory Cytology. By Winifred Liu, 943
Lungen- und Brustfellerkrankungen in Praxis und Klinik. Edited by A. Werni-Hassig, 445
The Lung and Its Disorders in the Newborn infant. By Mary Ellen Avery, 444
Methods in Pulmonary Physiology. By H. Bartels *et al.*, 290
Naturally Acquired Tuberculin Sensitivity in New Guinea. By Gerard Wijsmuller, 777
An Outline of Pulmonary Function and Pulmonary Emphysema. By Eugene Rosenman, 778
Pathologie und Klinik in Einzeldarstellungen. Volume XIV, Lungenemphysem: Morphologie, Pathogenese und Funktionelle Bedeutung. By Wolfgang Hartung, 125
Pathology of the Pulmonary Vasculature. By C. A. Wagenvoort, Donald Heath, and Jesse E. Edwards, 125
Progress in Research in Emphysema and Chronic Bronchitis. Volume 1. Normal and Abnormal Pulmonary Circulation. By Robert F. Grover, 943
The Psittacosis Group as Bacteria. By James W. Moulder, 290
Strecker's Fundamentals of Psychiatry. Sixth Edition. By Manuel M. Pearson, 445
A Synopsis of Respiratory Diseases. By J. Smart, 444
The Treatment of Mycotic and Parasitic Diseases of the Chest. Edited by John D. Steele, 291

Bronchitis
chronic
with erythropoiesis, 541
in male industrial population, 510
Bronchodilator, nebulized, delivered by IPPB in chronic obstructive emphysema, 13

Carbon dioxide tension, arterial, in pulmonary disease (Notes), 930
Carbon monoxide, calculating single-breath diffusing capacity for (Notes), 112
Carcinoma. *See* Tumor(s)
Case finding, tuberculosis in Navajo community, 215
Chronic obstructive lung disease
clinical and physiologic findings and relationship to age and sex, 521
pulmonary function data, 861
relationship of clinical and physiologic findings to severity of airways obstruction, 665
Coccidioidomycosis, management on open ward (case reports), 268
Contamination risk with screw-capped centrifuge tubes (Notes), 439
CORRESPONDENCE
Acquired immunity to tuberculosis, 939
Bactericidal effect of isoniazid as a function of time, 774
Colonial greening test as an aid in identifying *M. fortuitum*, 773
Health challenges today, 940
Roentgenologic criteria for the recognition of nonsymptomatic pulmonary emphysema, 939
Terminology for yet-unclassified mycobacteria, 774
TB or not TB, 941
Typical mycobacteria: Their classification, 288
Cough, persistent, epidemiology of, 679
Cryptococcosis
pulmonary, chronic (case reports), 414
skin test for (Notes), 616
Cystic lung disease in Israel, 552

Diazo replication of thick sections of whole lung in emphysema (Notes), 768
Diffusing capacity. *See* Pulmonary function
Drug resistance, primary, in Veteran population with tuberculosis, 30, 240, 575
Dyes, grouping of slowly growing mycobacteria based on susceptibility to (Notes), 613
Dystrophy, myotonic, pulmonary disease in, 874

Edema, pulmonary, after epileptic seizure (case reports), 97
EDITORIALS
The epidemiologic bonus, 104
Historical note on emphysema, 277
On the nomenclature of the cellular elements in respiratory tissue, 605
Electron microscopy
of pulmonary emphysema
in humans, 206
in rabbits, 197
Electrophoresis, use on polyacrylamide gels of protein and polysaccharide fractions from *M. tuberculosis*, 1
Emphysema
chronic, obstructive, bronchodilator delivered by IPPB in, 13
evaluation of, by diazo replication of thick sections of whole lung (Notes), 768
nonsymptomatic
correlation between roentgenologic findings and pathology in, 69
roentgenologic criteria for, 69
pulmonary
human, electron microscopy of, 206
nonsymptomatic roentgenologic criteria for (correspondence), 939
in rabbits, electron microscopy in, 197
supplemental oxygen in exercise training in, 653
Enzymes, microsomal, of liver in tuberculous mice, 706
Epidemiology of tuberculosis, bonus from (editorial), 104
Epilepsy seizure, developing after pulmonary edema (case reports), 97
Epithelial masses in lungs of guinea pigs exposed to cold (Notes), 617
Erythropoiesis with chronic bronchitis, 541
Eskimo Point, 1963, tuberculosis epidemic at, 479
Eskimos in southwestern Alaska, phlyctenular keratoconjunctivitis among, 171, 188
Ethambutol
clinical studies on (Notes), 762
metabolism of, in man, 51
Ethionamide in re-treatment of isoniazid-resistant pulmonary tuberculosis, 728
Exercise training, use of supplemental oxygen in, in emphysema, 653

Fluorescence, tetracyline-induced, in bronchogenic carcinoma (Notes), 610
Fluorometry and microbiologic procedures for measuring isoniazid in serum, 225

Glomerulonephritis and pulmonary nonfatal hemorrhage (case reports), 424
Grand mal seizures following overdose of isoniazid, 600

Hamartoma. See Tumor(s)
Health challenges today (correspondence), 940

Hemorrhage, pulmonary, nonfatal, and glomerulonephritis (case reports), 424
Hilar adenopathy, unilateral, in sarcoidosis (case reports), 272
Hormones, prednisolone in pulmonary tuberculosis, 329

Idiopathic pulmonary hemosiderosis in pregnancy (case reports), 915
Inflation-fixation in pulmonary tuberculosis, 846
Isoniazid
  bactericidal effect of, as function of time (correspondence), 774, 775
  effect on blood ammonia concentration (Notes), 108
  in infection produced by *M. kansasii*, 21
  overdose, causing grand mal seizures (case reports), 600
  prophylaxis in keratoconjunctivitis, phlyctenular, among Eskimos in Alaska, 188
  in reactivation of inactive tuberculosis, 345
  resistance in pulmonary tuberculosis, ethionamide in re-treatment of, 728
  in serum, measured by fluorometric and biologic procedures, 225
  and tubercle bacilli, time/concentration relationships *in vitro* (Notes), 440
Israel, cystic lung disease in, 552

Keratoconjunctivitis
  phlyctenular
    among Eskimos in Alaska
      epidemiologic characteristics, 171
      isoniazid prophylaxis in, 188

Lesions, pulmonary, resembling normal pulmonary veins on chest films (Notes), 434
Leukocytes, enzymatic activity of, from normal and tuberculous subjects, 713
Lung(s)
  exposed to cold, epithelial masses in (Notes), 617
  volume related to height and arm span, in normal subjects and patients with spinal deformity, 356
Lymph node pleural, subvisceral, presenting as expanding intrapulmonary nodule (case reports), 596

Macrophages of rabbits and tubercle bacilli, interactions between, 488
Marrow biopsy in disseminated tuberculosis, 701
Measles and tuberculosis, 479
Meningitis, tuberculous, in adults, 811
Microscopy, fluorescence, compared with Ziehl-Neelsen stain for demonstration of acid-fast bacilli in smear preparations and tissue sections (Notes), 283
Milk, raw, mycobacteria isolated from, 351
Mucosa, tracheobronchial, in relation to antigenic structure of sputum, 59
Mycobacteria
  acid phosphatase activity of (Notes), 279
  atypical, in Western Australia, 887
  classification and identification of, 738
  effect of near-ultraviolet light on, in droplet nuclei, 880
  formamidase activity of (Notes), 120
  grown *in vivo* and *in vitro*, differences in staining properties (Notes), 285
  isolated from raw milk, 351
  niacin metabolism in, 383
  slowly growing, grouping based on susceptibility to dyes (Notes), 613
  unclassified, terminology for (correspondence), 774
  typical, their classification (correspondence), 288
Mycobacterium
  fortuitum, identified by colonial greening test (correspondence), 773
  kansasii
    infection, PAS and isoniazid in, 21
    action of PAS on, 719
  tuberculosis
    action of PAS on, 719
    disc electrophoresis of, 1

Navajo community, tuberculosis case finding in, 215
Near-ultraviolet light
  effect on culture media (Notes), 929
  effect on staphylococci and mycobacteria in droplet nuclei, 880
New York school children, tuberculin reaction in, 339
Niacin metabolism in mycobacteria, 383
Nicotine, causing vasoconstriction, pulmonary, 556
Nitrate test. *See* Test(s)
Nitrite test. *See* Test(s)
Nocardia asteroides, antigens of, extracellular, 391, 400
Nodule, intrapulmonary, expanding, found to be pleural lymph node (case reports), 596
Nonhospitalized patients, behavioral factors in care of, 746
NOTES
  Acid phosphatase activity of mycobacteria. An aid in the differentiation of *Mycobacterium avium* from nonphotochromogenic acid-fast bacilli, 279
  Can BCG vaccination induce skin hypersensitivity to histoplasmin?, 927

Notes cont'd
Clinical studies on ethambutol, 762
Comparative study of Mycobacterium grown *in vivo* and *in vitro*. V. Differences in staining properties, 285
Comparison of fluorescence microscopy with Ziehl-Neelsen stain for demonstration of acid-fast bacilli in smear preparations and tissue sections, 283
Contamination risk with screw-capped centrifuge tubes, 439
Diazo replication of thick sections of whole lung in evaluation of emphysema, 768
Differential grouping of slowly growing mycobacteria based on their susceptibility to various dyes, 613
Ductal epithelial tufting in the lungs of guinea pigs exposed to cold, 617
Effect of near-ultraviolet light on culture media, 929
Effect of respiratory muscle dysfunction on pulmonary tension. Studies in patients with neuromuscular disease, 934
Evaluation of a skin test for cryptococcosis, 616
Formamidase activity of mycobacteria, 120
Further observations on the lack of effect of isoniazid on blood ammonia concentration, 108
Further studies on the time/concentration relationships of isoniazid and tubercle bacilli *in vitro*, 440
Handling small volumes of gas in syringes for the Scholander analyzer, 764
Nature of mycobacterial penicillinase, 117
Reducing amphotericin B reactions. II. Vomiting, 925
Resemblance of normal pulmonary veins to pulmonary lesions on lateral chest films, 434
Silicone-coated slide culture method for tubercle bacilli. II. Culture method in blood-containing medium, 758
Simple apparatus for the production of sputum for bacteriologic examination, 619
Slide rule for calculating single-breath diffusing capacity for carbon monoxide, 112
Tetracycline-induced fluorescence. Possible diagnostic tool in bronchogenic carcinoma, 610

Oxygen
hyperbaric therapy on tuberculosis in rabbit, 855
supplemental, in exercise training in emphysema, 653

Para-aminosalicylic acid
action on *M. kansasii* and *M. tuberculosis*, 719
in infection produced by *M. kansasii*, 21

Penicillinase, mycobacterial, nature of (Notes), 117
Pneumonitis hypersensitivity, experimental, 375
Polypeptide with tuberculostatic activity, isolation from human urine, 832
Polysaccharide(s), isolation from tuberculin, 839
Positive pressure breathing, intermittent, in emphysema, 13
Prednisolone. *See* Hormones
Pregnancy, idiopathic pulmonary hemosiderosis in (case reports), 915
Pulmonary compliance. *See* Pulmonary function
Pulmonary disease
determining arterial carbon dioxide in (Notes), 930
in myotonic dystrophy, 874
Pulmonary function
data in chronic obstructive lung disease, 861
diffusing capacity, single-breath, for carbon monoxide (Notes), 112
in elderly males, affected by heavy cigarette smoking, 409
prediction values for screening tests of, 252
and pulmonary compliance, affected by sarcoidosis, 660
respiratory muscle dysfunction affecting (Notes), 934
ventilation-blood flow relationships in lungs of children, 77
Pulmonary infection
photochromogenic mycobacterial
demographic studies of, 592
laboratory studies of, 583

Respiratory muscle dysfunction, effect on pulmonary function, 934
Respiratory tissue, nomenclature of cellular elements in (editorial), 605
Roentgenography, lateral chest films, resemblance of pulmonary veins and pulmonary lesions on (Notes), 434
Roentgenology
criteria for nonsymptomatic emphysema, 69
criteria for recognition of nonsymptomatic pulmonary emphysema (correspondence), 934

Sarcoidosis
affecting pulmonary function and pulmonary compliance, 660
unilateral hilar adenopathy in (case reports), 272
Scholander analyzer, small volumes of gas in syringes for (Notes), 764
Screening tests. *See* Test(s)
Serum, isoniazid in, measured by fluorometric and biologic procedures, 225
Silicone-coated slide culture method for tubercle bacilli (Notes), 758

Skin
hypersensitivity, induction of, to tracheobronchial mucosa, 64
test for cryptococcosis (Notes), 616
Smoking, cigarette, effect on lung function in elderly males, 409
Spine deformity, lung volume related to height and arm span in, 356
Sputum
antigenic structure of, in relation to tracheobronchial mucosa, 59
apparatus for production of (Notes), 619
Stain
differences in study of Mycobacterium grown *in vivo* and *in vitro* (Notes), 285
Ziehl-Neelsen compared with fluorescence microscopy for demonstration of acid-fast bacilli in smear preparations and tissue sections (Notes), 283
Staphylococcus, effect of near-ultraviolet light on, in droplet nuclei, 889

Test(s)
agar double-diffusion, in tuberculosis, human, 86
colonial greening, in identifying *M. fortuitum* (correspondence), 773
employing nitrate and nitrate as substrate in classification and identification of mycobacteria, 738
screening of pulmonary function, prediction value for, 252
Tetracycline-induced fluorescence in bronchogenic carcinoma (Notes), 610
Timed vital capacity in children, 861
Tissue metabolism in infection, 706
Tracheobronchial mucosa, cutaneous hypersensitivity to, 64
Tracheobronchiomegaly, familial occurrence in, 35
Tubercle bacillus (i)
and macrophages of rabbits, interactions between, 488
silicone-coated slide culture method for (Notes), 758
Tuberculin
fractionation, disc electrophoresis in, 1
isolation of polysaccharides from, 839
reaction in school children in New York, 339
reactors, prognosis among, from 13 to 17 years, 896
Tuberculosis
acquired immunity to (correspondence), 939
case finding in Navajo community, 215
disseminated, marrow biopsy in, 701
epidemic at Eskimo Point, 1963, 479
experimental
hyperbaric oxygen therapy on development of, in rabbit, 855
liver microsomal enzymes of mice and guinea pigs in, 706
Tuberculosis
human, 896
agar double-diffusion test in, 86
inactive, isoniazid upon reactivation of, 345
miliary, treatment of, 6
prednisolone in, 329
pulmonary
complicated by bronchopulmonary aspergillosis, 262
ethionamide in re-treatment of isoniazid-resistant, 728
inflation-fixation techniques in, 846
in older persons, 811
or not tuberculosis (correspondence), 941
in Veteran population, primary drug resistance in, 30, 240
Tumor(s)
carcinoma
bronchogenic
tetracycline-induced fluoresence in (Notes), 610
visibility of, 232
squamous cell, intrathoracic, 363
harmartoma, multiple, fibroleiomyomatous (case reports), 101

Urine
analysis, chromatographic, in study of arteriolar-alveolar nitrogen tension, 77
Urine isolation of polypeptide with marked tuberculostatic activity from, 832

Vaccine, antituberculosis, nonviable effect of adjuvants on, 565
Vasoconstriction, pulmonary, due to nicotine, 556
Veins, pulmonary, normal, resembling pulmonary lesions on lateral chest films (Notes), 434
Ventilation. *See* Pulmonary function
Vomiting as reaction to amphotericin B, reduction of (Notes), 925

SUBJECTS

Abscess, lung, caused by *S. Marcescens* (case reports), 624
Acid(s)
beta-alanyl hydroxamic, antimycobacterial properties of, 642
glycl hydroxamic, antimycobacterial properties of, 642
Adenoma. *See* Tumor(s), 558
Altitudes, modest and higher elevations of, performance of Olympic runners at (Notes), 813
Amberson, J. Burns, lecture, 687
American Thoracic Society
abstracts of papers presented at annual meeting of Society, May 30 to June 2, 1965, 308
Amberson, J. Burns, lecture, 828
Award of the Trudeau Medal for 1965, 653
Award of the Will Ross Medal for 1965, 657
Notices, 153, 340, 519, 660, 839, 989
Obituaries, 152
Statements
Chemotherapy of pulmonary tuberculosis in adults: The choice of drugs in relation to drug susceptibility. A Statement of the Committee on Therapy, 508
Chronic obstructive lung disease. A Statement of the Committee on Therapy, 513
The present status of genitourinary tuberculosis. A Statement of the Committee on Therapy, 505
Anemia, chronic, acid-base relations in, 617
Anatomy, pulmonary, a four-dimensional approach to the study of, 228
Animal(s)
buffalo, chronic pulmonary disease in, 801
cattle, inoculated with heat-killed mycobacteria, complement-fixing antibody response in, 979
horse, emphysema in, 597
Antigens
of atypical mycobacteria, electrophoresis of, Supplement (December), 73
of *Candida albicans*, Supplement (December), 150
extracellular, of *Mycobacterium tuberculosis*, Supplement (December), 9
fungal, bibliography on, Supplement (December), 185
I^{131}-labeled, primary action with, as an approach to detecting tuberculosis, Supplement (December), 94
ion-exchange chromatography in isolation of, Supplement (December), 19
of mycobacteria, identification of, by immunoelectrophoretic analysis, Supplement (December), 29
mycobacterial, the use of ion-exchange chromatography for isolation of, Supplement (December), 19
immunologic analysis of, Supplement (December), 54
bibliography on, Supplement (December), 181
Arylsulfatase. *See* Enzymes
Asthma,
epidemology of, 16,
in a rural area, 16
in a university-centered community, 31
open windows and susceptibility to (correspondence), 647
Yokohama, the significance of, 371
Australia, Queensland, *Mycobacterium tuberculosis* in, primary resistance of (Notes), 970

BCG culture filtrate, tuberculin reactivity and other immunochemical and physical properties of fractions derived from, Supplement (December), 42
Blood flow, differential, estimation of, during rest and exercise (Notes), 958
Books
Aetiology of Diabetes Mellitus and its Complications. Ciba Foundation Colloquia on Endocrinology, Volume XV. Edited by Margaret P. Cameron and Maeve O'Connor, 649
Animal Behaviour and Drug Action. Ciba Foundation Symposium. Edited by A. V. S. De Reuck and Julie Knight, 306
Annual Review of Medicine. Volume 15. Edited by Arthur C. Degraff and William P. Creger, 149
Da Asma (Asthma). Tese apresentada à Faculdade de Ciências Médicas da Universidade do Estado da Guanabara, para o Concurso de Docência Livre de Clinica Médica. By Paulo Dias da Costa, 147
Chronic Bronchitis in Great Britain. By Leslie Capel and Maxwell Caplin, 304
Common Bacterial Infections. Pathophysiology and Clinical Management. By Edwin J. Pulaski, 651
Drugs of Choice 1964–1965. Edited by Walter Modell, 305
Give and Take. The Development of Tissue Transplantation. By Francis D. Moore, 149
Handbuch der Tuberkulose. Band IV. Edited by J. Hein, H. Kleinschmidt, and E. Uehlinger, 305

Books (cont'd)

Histoplasmosis. Diagnosis and Treatment (Revised Edition). By PABLO NEGRONI, 824
A History of Respiration. By LEON S. GOTTLIEB, 651
Die Klinische Aktivitäts-Beurteilung Der Lungentuberkulose (Clinical Assessment of Activity of the Tuberculosis of the Lungs). By E. KUNTZ, 148
Leitfaden fur Bakteriologische Untersuchungen bei Tuberkulose. By ARMIN KREBS, 650
Medical Climatology. Edited by SIDNEY LICHT, 826
Medical History in Philately. By GERHARD J. NEWERLA, 304
Morphometry of the Human Lung. By EWALD R. WEIBEL, 649
Moyens D'Ameliorer, En France, Le Rendement de la Lutte Antituberculeuse. III. Question Médico-Sociale (XIV Congrès National de la Tuberculose). By PAUL FRÉOUR, 305
The Pharmacy as a Health Education Center. An Experimental Study. Conducted by NATIONAL ANALYSTS, INC., 150
Preventive Disease in World War II. Volume VII, Communicable Diseases: Arthropodborne Diseases Other Than Malaria. Edited by JOHN BOYD COATES, JR., EBBE CURTIS HOFF, and PHEBE HOFF, 502
Pulmonary Deposition and Retention of Inhaled Aerosols. By THEODORE F. HATCH and PAUL GROSS, 303
Resistance to Tuberculosis. Experimental Studies in Native and Acquired Defensive Mechanisms. By MAX B. LURIE, 500
Respiratory Function in Disease. By DAVID V. BATES and RONALD V. CHRISTIE, 501
Ruptures Traumatiques des Bronches et de la Trachée Thoracique. By J. DOR, E. FORSTER, and H. LES BRIGAND, 502
The Solitary Pulmonary Nodule. By JOHN D. STEELE, 147
Staublungenerkrankungen und Ihre Differentialdiagnose. Edited by H. BOHLIG, G. JACOB, R. KIVILUOTO, and H. MULLER, 825
A Study of Proteinbound Sulfhydryl Groups in Pulmonary Cytodiagnosis. By LARS-GÖSTA WIMAN, 650
Tuberculosis in New York City 1963. By ROLAND S. MERCHANT, 825

Bronchitis
  open windows and susceptibility to (Correspondence), 647
  chronic,
    racial differences in the incidence of, 94
    functional and bronchographic evaluation of, in postmortem human lungs in, 450

Bronchospirometry in estimation of differential pulmonary blood flow (Notes), 958
Bulletin of the World Health Organization abstracts, 493

Cancer
  of lung
    second pulmonary neoplasms in survivors of, 767
    urinary excretion of neutral 17-ketosteroids by patients with, 404
    urinary excretion of pregnanediol by patients with, 404
    urinary steroids in, 417
Candida albicans. *See* Fungus(i)
Carbon dioxide retention in chronic obstructive lung disease, factors responsible for, 245
Catheterization, percutaneous arterial, for blood sampling, 293
Cavity-aspiration therapy, use of new cavernoscope in, 392
Chemotherapy. *See also* Drugs and specific names of drugs.
  of pulmonary tuberculosis in adults, 508
Children, latent streptococcal infection and carrier state during primary tuberculosis in, 877
Chromatography, ion-exchange, in isolation of antigens, Supplement (December), 19
Coccidioidin. *See* Fungal antigens
Coccidioidomycosis. *See* Mycoses
Chloramphenicol, daily chemoprophylaxis with, 900
Contacts, tuberculosis, isoniazid prophylaxis in, 732
CORRESPONDENCE
  Microorganism from three patients with systemic disease, 647
  Nonfatal pulmonary hemorrhage and glomerulonephritis, 648
  Open windows and susceptibility to asthma and bronchitis, 647
  Roentgenologic criteria for the recognition of nonsymptomatic pulmonary emphysema, 647
Corticosteroids. *See* Hormones
Cortisone. *See* Hormones
Corynebacteria, chemical and antigenic studies on cell walls of, Supplement (December), 63
Cryptococcosis. *See* Mycoses
Cultures
  mycobacterial
    effect of wetting agents in, 83
    effect of organic acids in, 83
    effect of serum albumin in, 83
Cyst, pulmonary, bleeding into, associated with anticoagulant therapy (case reports), 108
Cystic fibrosis, carriers of, absence of detrimental effect of, 714

Cystic fibrosis genes, carriers of, 714

Death, tuberculosis first registered at, 863
Disease
cavitary, in humans (Notes), 299
chronic,
pulmonary,
hyperbaric research in, 564
in the wild buffalo, 801
lung, chronic obstructive, retention of carbon dioxide in, 245
pulmonary, photochromogenic, mycobacterial, 470
systemic, microorganism from three patients with (correspondence), 647
Drugs
choice of, in relation to susceptibility, 508
hydrochlorothiazide, anticoagulant therapy with, 108
warfarin, anticoagulant therapy with, 108
Dyspnea
and pulmonary function tests (Notes), 822
refractory, evidence of recurrent pulmonary embolism and infarction in, 215

Edema, pulmonary, acute, following treatment of spontaneous pneumothorax (case reports), 633
EDITORIALS
The need to establish "Species Type Strains" in the Mycobacterium genus, 284
Education
medical, impact of biologic research on, 554
Embolism
air, in pneumoperitoneum (case reports), 810
fat, pulmonary physiology of (case reports), 113
Emphysema
chlorpromazine-induced, in the horse, 597
experimental, 1
functional and bronchographic evaluation of postmortem human lungs in, 450
pulmonary,
with carbon dioxide retention Daily P_{CO_2} and pH fluctuations in, 894
chronic
correlation of structure and function in, 221
chemoprophylaxis in, 900
nonsymptomatic, roentgenologic criteria for recognition of (correspondence), 647
urinary excretion of 17-ketosteroid by patients with, 404
urinary excretion of pregnanediol by patients with, 404
Enzymes, arylsufatase, in mycobacteria, a rapid method for demonstration of, 297
Epidemic, histoplasmosis, starling roost as source of, 725

Ethionamide
hepatic tolerance of, 39
in previously untreated cases of pulmonary hemosiderosis (Notes), 966

Fractions
BCG filtrate, tuberculin reactivity of, Supplement (December), 42
antigenic, mycobacterial cellular, Supplement (December), 49
Fungal antigens
coccidioidins, dialyzed, skin test activity of (Notes), 121
histoplasmin, H and M components of, for skin tests and serology (Notes), 640
Fungus(i)
Candida albicans, the antigens of, Supplement (December), 150
Histoplasma capsulatum,
constituents of the cell wall of the yeast phase of, Supplement (December), 119
and other mycotic agents, antigenic analysis of, Supplement (December), 113
soluble antigenic constituents of the yeast phase of, Supplement (December), 126
Nocardia, chemical and antigenic studies on cell walls of, Supplement (December), 63

Glomerulonephritis and nonfatal pulmonary hemorrhage (correspondence), 648

Hemorrhage, pulmonary, nonfatal, and glomerulonephritis (correspondence), 648
Hemosiderosis. *See* Mycoses
Histoplasma capsulatum. *See* Fungus(i)
Histoplasmin. *See* Fungal antigens
Histoplasmosis. *See* Mycoses
Hormones
corticosteroids, in pulmonary tuberculosis, 376
cortisone, effect upon experimental pulmonary cryptococcosis, 64
estradiol, in lung cancer, urinary excretion of, 417
estriol, in lung cancer, urinary excretion of, 417
estrone, in lung cancer, urinary excretion of, 417
17-ketosteroids, neutral urinary excretion of, by patients with lung cancer and emphysema, 404
Horse. *See* Animals
Hyperbaric research in chronic pulmonary disease, 564
Hyponatremia, in pulmonary tuberculosis, 609

Infection(s)
bacterial, chemoprophylaxis in, 900
histoplasmal, prevalence of, 459
mycotic, fluorescent microscopy in, Supplement (December), 175

Infection(s) (cont'd)
streptococcal, latent, in children during primary tuberculosis, 877
tuberculous, prevalence of in Tecumseh, Michigan, 459
Injection, jet, compared with Mantoux test, in mass skin testing with tuberculin, 982
Isoniazid
effect of, on incorporation of amino acids by a soluble system of mycobacteria (Notes), 119
prophylaxis, in tuberculosis, 732
in tuberculosis contacts, 732

Leprosy, some immunologic aspects of, Supplement (December), 139
Lung disease, chronic, obstructive, 513
Lungs
carcinoma of, and pulmonary tuberculosis, 758
giant histologic sections of, a mylar and aclar plastic method for, 238
interstitial disease in, 939
disease
chronic obstructive,
carbon dioxide retention in, 245
effect of position on, 579
dynamics of major airways in, 932
human, postmortem,
bronchographic evaluation of, 450
functional evaluation of, 450

Mesothelioma of the pleura, diffuse, malignant (case reports), 269
Microorganisms
corynebacteria, chemical and antigenic studies on cell walls of, Supplement (December), 63
Nocardia, chemical and antigenic studies on cell walls of, Supplement (December), 63
Serratia marcescens, lung abscess caused by (case reports), 624
Microscopy, fluorescent, for diagnosis and study of mycotic infections, Supplement (December), 175
Miller, William Snow, memorial lecture, 228
Mycobacteria
acid-fastness of
effect of gram-positivity on (Notes), 817
effect of ultraviolet irradiation on (Notes), 817
antigens of, identification of, by immunoelectrophoretic analysis, Supplement (December), 29
Mycobacteria
atypical
electrophoresis of antigens of, Supplement (December), 73
dissociants of, 193
nonphotochromogens, relationship of colonial morphology to virulence of chickens, 704
Runyon *Group III*, isolated from bovine and porcine sources, Supplement (December), 82
serologic identification and classification of, by agglutination, Supplement (December), 85
Serratia marcescens, lung abscess caused by, 624
cellular antigenic fractions of, Supplement (December), 49
chemical and antigenic studies on cell walls of, Supplement (December), 63
differentiation of, by picric acid tolerance (Notes), 491
effect of amino acids on incorporation into protein by a soluble system (Notes), 119
fluorescent antibody techniques with, 255
heat-killed, complement-fixing antibody response in (Notes), 979
mycosides, studies of, Supplement (December), 34
stimulation of dispersed growth of, 83
Mycobacterium
avium, relationship of colonial morphology to virulence of chickens, 704
phlei, modification of cellular constituents during growth of, 75
tuberculosis
attenuated strain of, 870
dissociants of, 193
some early investigations of, Supplement (December), 1
extracellular antigens of Supplement (December), 9
isolation, purification, and characterization of extracellular antigens of, Supplement (December), 9
primary resistance of, in Queensland, 970
protective and serologically (active) fractions from phenol extract of, 979
Mycobacterium genus, need to establish "species type strains" in (editorial), 284
Mycoses
coccidioidomycosis,
experimental, effect of nonviable and viable vaccines in, Supplement (December), 159
pulmonary, and simultaneously occurring histoplasmosis, 952
cryptococcosis
experimental,
pulmonary, effect of cortisone on, 64
pulmonary and cerebral, without meningitis (case reports), 476
hemosiderosis
ethionamide in previously untreated cases of (Note), 966
pulmonary idiopathic (case reports), 479

Mycoses (cont'd)
histoplasmosis and simultaneously occurring coccidioidomycosis, 952
precipitins in (Notes), 637
Mycosides
of mycobacteria, Supplement (December), 34

Negro, vital capacity in (Notes), 287
Neoplasms. *See also* Tumors
pulmonary, syndromes of ectopic hormone production associated with (Notes), 484
NOTES
Antimycobacterial properties of glycyl hydroxamic acid and beta-alanyl hydroxamic acid, 642
Differentiation of mycobacteria by picric acid tolerance, 491
Dyspnea and pulmonary function tests, 822
The effect of isoniazid on the incorporation of amino acids into protein by a soluble system of mycobacteria, 119
Effect of pulmonary resection for tuberculosis on vital capacity and maximal breathing capacity, 489
Effect of ultraviolet irradiation on the acid-fastness and gram-positivity of mycobacteria, 817
The evaluation of pulmonary function by the Snider match test, 124
Histologic differences between experimental cavernous tuberculosis in rabbits and human cavitary disease, 299
Nonfatal pulmonary hemorrhage and glomerulonephritis, 648
Open windows and susceptibility to asthma or bronchitis, 647
Percutaneous arterial catherization for blood sampling, 293
Performance of Olympic runners at altitudes of 7,350 and 5,350 feet, 813
Precipitins in histoplasmosis, 637
Preliminary studies of H and M components of histoplasmin for skin tests and serology, 640
A rapid method for the demonstration of arylsulfatase in mycobacteria. Its presence among members of the genus Mycobacterium, 297
Simple, convenient apparatus for measuring maximal midtidal pressures and flows, 129
A simplified method for thoracentesis and pleural fluid drainage, 295
Skin-test activity of dialyzed coccidioidins, 121
Syndromes of ectopic hormone production associated with pulmonary neoplasms, 484
Vital capacity in the Negro, 287

Orthopnea, refractory, evidence of recurrent pulmonary embolism and infarction in, 215
Oxygenation, arterial, and polycythemic disorders, 435

Patients, tuberculous, rehabilitation problems among, 261
Phenol extract of *Mycobacterium tuberculosis*, protective and serologically active fractions from (Notes), 973
Physiology, pulmonary, a four-dimensional approach to, 228
Pleura, diffuse malignant mesothelioma of (case reports), 269
Pleural fluid drainage, a simplified method for, 295
Pneumothorax, spontaneous, acute pulmonary edema following (case reports), 632
Polycythemia, primary and secondary arterial studies in, 435
Positive pressure breathing, intermittent, in acute ventilatory failure, 885
Pulmonary artery, pulmonary function in, after ligation, 591
Pulmonary blood flow
differential,
estimation of, by bronchospirometry (Notes), 958
estimation of by radioisotope scanning (Notes), 958
Pulmonary compliance in young smokers and nonsmokers, comparison of, 102
Pulmonary function
acute ventilatory failure, the effect of IPPB in, 885
air-flow pattern, expiratory, in tracheobronchial collapse, 781
airways, obstructive, chronic, pulmonary diffusion in, 775
arterial-alveolar carbon dioxide gradient, effect of posture on (case reports), 806
in chronic obstructive lung disease, the effect of position on, 579
evaluation of, by Snider match test, 124
expiratory air-flow pattern in tracheobronchial collapse, 781
hydrogen-ion concentration, daily fluctuations in pulmonary emphysema with carbon dioxide retention, 894
after ligation of pulmonary vein or artery, 589
maximal breathing capacity, effect of pulmonary resection for tuberculosis on (Notes), 489
maximal midexpiratory flow rate, 914
maximal midtidal flow, simple, convenient apparatus for measuring (Notes), 129
maximal midtidal pressure, simple convenient apparatus for measuring (Notes), 129

Pulmonary function (cont'd)
oxygen partial pressure, daily fluctuations in pulmonary emphysema with carbon dioxide retention, 894
in pulmonary vein after ligation, 591
ventilatory failure, pathophysiology of, 429
vital capacity, effect of pulmonary resection for tuberculosis on (Notes), 489

Radioisotope scanning in estimation of differential pulmonary blood flow (Notes), 958
Reaction, tuberculin, nonspecific, 55
Research, medical, 551
Resection
pulmonary
effect on maximal breathing capacity (Notes), 489
effect on vital capacity (Notes), 489
Respiratory function. *See also* Pulmonary function
influenced by posture (case reports), 806
of Olympic runners (Notes), 813
Rhinitis
allergic
epidemiology of, 16
in a rural area, 16
in a university-centered community, 31
Roentgenology, criteria for the recognition of nonsymptomatic pulmonary emphysema (correspondence), 647

Sarcoidosis in a beautician (case reports), 280
Science, medical, postwar development of, 551
Serratia marcescens. See Microorganisms
Survivors, long term, of lung cancer, second pulmonary neoplasms among, 767

Test(s)
Mantoux, compared with jet injection (Note), 986
pulmonary function and dyspnea (Notes), 822
skin
activity of dialyzed coccidioidins in (case reports), 121
immediate, for pulmonary tuberculosis, 741
Snider match, evaluation of pulmonary function by (case reports), 124
tuberculin, in Pamlico County, North Carolina, 43
Thoracentesis, a simplified method for, 295
Tissues, connective, human, pulmonary, studies of, 792
Trachea
respiratory collapse of
the influence of esophageal pressure on, 919
the influence of flow rate on, 919
the influence of lung volume on, 919
solitary plasmacytoma of (case reports), 949
Tracheobronchial collapse, expiratory air-flow pattern in, 781
Tuberculin
reaction, nonspecific early type, 55
test
comparative studies of jet injection with Mantoux test in mass skin testing, 982
community-wide, in North Carolina, 43
Tuberculosis
bacterial resistance in, 687
experimental cavernous, in rabbits (Notes), 299
first registered at death, 863
genitourinary, present status of, 505
primary
in children, streptococcal infection and carrier state during, 877
interaction with I^{131}-labeled antigens as an approach to detecting, Supplement (December), 94
pulmonary
in adults, chemotherapy of, 508
and carcinoma of the lung, 758
cavity aspiration in, 392
cavitary, re-examination of cavity-aspiration therapy for, 392
corticosteroids in, 376
drug-resistant, re-examination of cavity-aspiration therapy for, 392
far-advanced, re-examination of cavity-aspiration therapy for, 392
hyponatremia in, 609
immediate skin test for, 741
rehabilitation services in, 749
Tumor(s)
adenoma, bronchial, 558
carcinoma of the lung and tuberculosis, 758
neoplasms
plasmacytoma, solitary, of the trachea (case reports), 949
pulmonary
second, 767
syndromes of ectopic hormone production associated with (Notes), 484
Twenty-Fourth Research Conference in Pulmonary Diseases of the Veterans Administration—Armed Forces, 135

Vaccines, nonviable and viable, in experimental coccidioidomycosis, effect of, Supplement (December), 159
Varicella, pulmonary calcifications following, 210

INDEX OF ABSTRACTS

List of Journals Abstracted

Acta Chirurgica Scandinavica

isoniazid resistant, 365
freeze-dried, human conversion after, 190
size of local reaction after, relation with conversion rate, size of allergy, and its duration, 861
MP (Klummer's multipotential), experiments against tuberculosis in cattle, results of, 861
smallpox, pregnancy and other contraindications in, 368
in whooping cough, 347
Vaccine. *See also* Tests and Vaccination
viral
depression of tuberculin reaction, 860
influenza
oil adjuvant and polyvalent aqueous, comparative trial of, 666
response of aged to, 159
Virus(es)
Coxsackie B1 pneumonia, 160
cytomegalo-
in human infection and disease, 525

Virus(es) (*cont'd*)
probable pulmonary infection with, and hypogammaglobulinemia with thymoma, 526
ECHO II and newer, growth in organ cultures, 666
infection in patients receiving organ transplants. *See* Chemotherapy
Hemophilus influenzae
antibody measurement reacting with capsular antigens of, 186
in respiratory tract infections; ampicillin therapy. *See* Antimicrobials
storage, short-term, of, 361
influenza
serologic recapitulations of human infection with, relevance of, 835
and *Staphylococcus aureus*, possible interaction between, 853
parainfluenza 3, isolated in cattle, 188
respiratory infections, acute, in, 346, 665
in naval recruits, 525
respiratory syncytial (RS)
acute bronchiolitis in, 346
in sera from Danish population aged 0–19 years, 665
survival during storage, 525

Whooping Cough
syndrome, current literature, 160
vaccination for, 347

Xanthomatosis. *See* Tumors, eosinophilic granuloma

VOLUME 91
JANUARY–JUNE, 1965

PUBLISHED MONTHLY
AT MT. ROYAL AND GUILFORD AVENUES, BALTIMORE, MD., 21202
BY THE NATIONAL TUBERCULOSIS ASSOCIATION

CONTENTS: ORIGINAL ARTICLES

NUMBER 1, JANUARY 1965

Electrophoresis on Polyacrylamide Gels of Protein and Polysaccharide Fractions from *Mycobacterium Tuberculosis*. LEWIS F. AFFRONTI, ROBERT C. PARLETT, AND ROBERT A. CORNESKY 1

U. S. Veterans Administration-Armed Forces Cooperative Study on the Chemotherapy of Tuberculosis. XII. Results of Treatment in Miliary Tuberculosis: A Follow-up Study of 570 Adult Patients. ABRAHAM FALK 6

The Effect of Nebulized Bronchodilator Delivered with and without IPPB on Ventilatory Function in Chronic Obstructive Emphysema. I. GOLDBERG AND R. M. CHERNIACK 13

The Effect of Isoniazid and Para-Aminosalicylic Acid on Infection in Mice Produced by *Mycobacterium Kansasii* L. W. HEDGECOCK AND H. T. BLUMENTHAL 21

Primary Drug Resistance. II. A Continuing Study of Tubercle Bacilli in a Veteran Population within the United States. GLADYS L. HOBBY, TULITA F. LENERT, JOYCE MAIER, AND PATRICIA O'MALLEY 30

Tracheobronchiomegaly. Report of Five Cases and Demonstration of Familial Occurrence. ROBERT F. JOHNSTON AND ROBERT A. GREEN 35

The Absorption, Excretion, and Metabolic Fate of Ethambutol in Man. E. A. PEETS, W. M. SWEENEY, V. A. PLACE, AND D. A. BUYSKE 51

Relationship of the Antigenic Structure of Sputum and Tracheobronchial Mucosa. RICHARD H. SUHS, AND MARK H. LEPPER 59

Induction of Cutaneous Hypersensitivity to Tracheobronchial Mucosa in Rabbits. RICHARD H. SUHS AND MARK H. LEPPER 64

Roentgenologic Criteria for the Recognition of Nonsymptomatic Pulmonary Emphysema. Correlation between Roentgenologic Findings and Pulmonary Pathology. SEPPO SUTINEN, ANTHIMOS J. CHRISTOFORIDIS, GEORGE A. KLUGH, AND PHILIP C. PRATT 69

Ventilation-Blood Flow Relationships in the Lungs of Children. Arterial-Alveolar Nitrogen Tension Differences by Chromatographic Analysis of Nitrogen in Urine. WILLIAM W. WARING 77

A Study of the Agar Double-Diffusion Test in Human Tuberculosis. HARRY GLENCHUR AND LOUIS J. KETTEL 86

CASE REPORTS:

Pulmonary Edema Following an Epileptic Seizure. H. CONSTANCE BONBREST 97

Multiple Pulmonary Fibroleiomyomatous Hamartomas. Report of a Case and Review of the Literature. WILLIAM D. LOGAN, JR., FEDERICO C. ROHDE, OSLER A. ABBOTT, AND HAROLD D. MELTZER 101

EDITORIAL: The Epidemiologic Bonus. SHIRLEY H. FEREBEE AND CARROLL E. PALMER 104

NOTES:

Further Observations on the Lack of Effect of Isoniazid on the Blood Ammonia Concentration. H. O. CONN 108

A Slide Rule for Calculating Single-Breath Diffusing Capacity for Carbon Monoxide. L. H. Hamilton and J. R. Smith 112
The Nature of Mycobacterial Penicillinase. J. E. Kasik 117
Formamidase Activity of Mycobacteria. I. Significance as a Marker for Differentiating Mycobacteria. K. Urabe *et al.* 120

BOOKS 125

AMERICAN THORACIC SOCIETY:

Organization and Committee Structure, 1964–1965 128
Notices 140

ABSTRACTS 141

Number 2, February 1965

Phlyctenular Keratoconjunctivitis among Eskimos in Southwestern Alaska. I. Epidemiologic Characteristics. Robert N. Philip, George W. Comstock, and Joseph H. Shelton 171
Phlyctenular Keratoconjunctivitis among Eskimos in Southwestern Alaska. II. Isoniazid Prophylaxis. Robert N. Philip and Geroge W. Comstock 188
Electron Microscopy in Pulmonary Emphysema of Rabbits. E. S. Boatman and H. B. Martin 197
Electron Microscopy of Human Pulmonary Emphysema. H. B Martin and E. S. Boatman 206
A Controlled Evaluation of a Selective Method of Tuberculosis Case Finding. A Study Performed in a Navajo Community. Abdel R. Omran and Kurt Deuschle 215
A Comparison of Fluorometric and Microbiologic Procedures for Measuring Isoniazid in Serum. J. H. Peters, W. C. Morse, and L. H. Schmidt 225
Limits of Visibility of Bronchogenic Carcinoma. Erich Goldmeier 232
Primary Drug Resistance: A Continuing Study of Drug Resistance in Tuberculosis in a Veteran Population within the United States. III. The Resistance of Mycobacteria Other than *Mycobacterium Tuberculosis*. Gladys L. Hobby, Peggy M. Johnson, Lorraine Crawford-Gagliardi, and Lynn Greetham 240
Histochemical Study of Aminopeptidase and Acid and Alkaline Phosphatase in the Tuberculin Reaction. Hiroshi Nagaya and Herbert O. Sieker 245
Prediction Values for Screening Tests of Pulmonary Function. B. G. Ferris, Jr., D. O. Anderson, and R. Zickmantel 252
Surgical Considerations in Pulmonary Tuberculosis Complicated by Bronchopulmonary Aspergillosis. N. Levene, Carlos H. Rivarola, and Max E. Blue, Jr. 262

CASE REPORTS:

Management of Coccidioidomycosis on an Open Ward. Frederick L. Jones, Jr. 268
Recurrent Unilateral Hilar Adenopathy in Sarcoidosis. Donald C. Kent 272

EDITORIAL: Historical Note on Emphysema. Roger K. Larson 277

NOTES:

Acid Phosphatase Activity of Mycobacteria. An Aid in the Differentiation of *Mycobacterium Avium* from Nonphotochromogenic Acid-fast Bacilli. K. Urabe *et al*. 279

Comparison of Fluorescence Microscopy with Ziehl-Neelsen Stain for Demonstration of Acid-fast Bacilli in Smear Preparations and Tissue Sections. M. L. Koch and R. A. Cote 283

Comparative Study of Mycobacterium Grown *in Vivo* and *in Vitro*. V. Differences in Staining Properties. W. Segal 285

CORRESPONDENCE: Typical Mycobacteria: Their Classification. E. H. Runyon 288

BOOKS 290

AMERICAN THORACIC SOCIETY:

Untoward Reactions to Drugs Used in Initial Chemotherapy of Cavitary Tuberculosis. A Statement by the Committee on Therapy 293

Preventive Treatment in Tuberculosis. A Statement by the Committee on Therapy 297

Notices 299

ABSTRACTS 301

Number 3, March 1965

Prednisolone in the Treatment of Pulmonary Tuberculosis. A United States Public Health Service Tuberculosis Therapy Trial 329

Tuberculin Reaction and Conversion Rates in School Children in New York City. Arthur B. Robins, Hans Abeles, Aaron D. Chaves, Joseph Breuer, and Robert Glass 339

Effect of Isoniazid upon the Reactivation of Inactive Tuberculosis. Final Report. Julius Katz, Solomon Kunofsky, Vytautas Damijonaitis, Albert Lafleur, and Theresa Caron 345

Isolation of Mycobacteria from Raw Milk. John S. Chapman, Joanna S. Bernard, and Maro Speight 351

Relationships of Lung Volume to Height and Arm Span in Normal Subjects and in Patients with Spinal Deformity. Norman G. G. Hepper, Leo F. Black, and Ward S. Fowler 356

Intrathoracic Squamous Cell Carcinoma, Central and Peripheral. C. Eugene Woodruff and Wilbur J. Steininger 363

Experimental Hypersensitivity Pneumonitis. Hirsohi Nagaya, Muriel K. Schauble, and Herbert O. Sieker 375

Niacin Metabolism in Mycobacteria. Quinolinic Acid as a Precursor of Niacin Ribonucleotide and the Differences in Niacin Biosynthesis among Various Species of Mycobacteria. Kiyoshi Konno, Kotaro Oizumi, Yoko Shimizu, and Sutemi Oka 383

Extracellular Antigens of *Nocardia Asteroides*. I. Production and Immunologic Characterization. A. C. Pier and R. F. Keeler 391

Extracellular Antigens of *Nocardia Asteroides*. II. Fractionation and Chemical Characterization. R. F. Keeler and A. C. Pier 400

Lung Function in Elderly Male Heavy Smokers and Nonsmokers. GERALD S. BARKER 409

CASE REPORTS:

Chronic Pulmonary Cryptococcosis. AARON A. COHEN, ALVIN DAVIS, AND SYDNEY M. FINEGOLD 414

Non-fatal Pulmonary Hemorrhage and Glomerulonephritis. C. B. MCCALL, T. R. HARRIS, AND F. E. HATCH 424

NOTES:

Resemblance of Normal Pulmonary Veins to Pulmonary Lesions on Lateral Chest Films. M. H. SCHREIBER 434

Contamination Risk with Screw-capped Centrifuge Tubes. O. KANNER 439

Further Studies on the Time/Concentration Relationships of Isoniazid and Tubercle Bacilli *in Vitro*. A. R. ARMSTRONG 440

BOOKS 444

AMERICAN THORACIC SOCIETY:

The U. S. Public Health Service Task Force Report on Tuberculosis Control. Joint Statement by the American Thoracic Society and the American College of Chest Physicians 447

Notices 449

ABSTRACTS 451

NUMBER 4, APRIL 1965

A Unique Epidemic of Tuberculosis: Eskimo Point, 1963. STUART L. CAREY 479

***In Vitro* Studies on the Interactions between Macrophages of Rabbits and Tubercle Bacilli. I. Cellular Basis of Native Resistance.** H. S. HSU 488

***In Vitro* Studies on the Interactions between Macrophages of Rabbits and Tubercle Bacilli. II. Cellular and Humoral Aspects of Acquired Resistance.** H. S. HSU 499

Prevalence of Chronic Bronchitis in an American Male Urban Industrial Population. JOHN T. SHARP, OGLESBY PAUL, MARK H. LEPPER, HARLEY MCKEAN, AND GEORGE A. SAXTON, JR. 510

Chronic Obstructive Lung Disease. I. Clinical and Physiologic Findings in 175 Patients and Their Relationship to Age and Sex. BENJAMIN BURROWS, ALBERT H. NIDEN, WILLIAM R. BARCLAY, AND JOHN E. KASIK 521

Erythropoiesis in Subjects with Chronic Bronchitis. DONALD MASSARO, ANGELA M. CUSICK, AND SOL KATZ 541

The Relationshi of Ethnic Origin to the Prevalence of Cystic Lung Disease in Israel. A Preliminary Report. IMRE RACZ AND GERALD L. BAUM 552

Systemic and Pulmonary Vascular Effects of Nicotine in Anesthetized Dogs. ROGER K. LARSON, PAUL FUKUDA, AND JOHN F. MURRAY 556

The Effect of Adjuvants on a Nonviable Antituberculosis Vaccine and on Live BCG. ANSON HOYT, MILLIE A. THOMPSON, FREDERICK J. MOORE, AND C. RICHARD SMITH 565

Primary Drug Resistance: A Continuing Study of Tubercle Bacilli in a Veteran Population within the United States. IV. Factors Influencing the Observed Frequency of Resistance. GLADYS L. HOBBY, PEGGY M. JOHNSON, LORRAINE CRAWFORD-GAGLIARDI, LYNN GREETHAM, AND TULITA F. LENERT 575

Photochromogenic Mycobacterial Pulmonary Infection in a Group of Hospitalized Patients in Chicago. I. Laboratory Studies. Y. TAKIMURA AND J. ROBERT THOMPSON 583

Photochromogenic Mycobacterial Pulmonary Infection in a Group of Hospitalized Patients in Chicago. II. Demographic Studies. M. R. LICHTENSTEIN, Y. TAKIMURA, AND J. ROBERT THOMPSON 592

CASE REPORTS:

Subvisceral Pleural Lymph Node Presenting as an Expanding Intrapulmonary Nodule. VERNON N. HOUK AND DAVID P. OSBORNE 596

Grand Mal Seizures Following Overdose of Isoniazid. A Report of Four Cases. LESLIE G. NELSON 600

EDITORIAL: On the Nomenclature of the Cellular Elements in Respiratory Tissue. FELIX D. BERTALANFFY 605

NOTES:

Tetracycline-Induced Fluorescence. A Possible Diagnostic Tool in Bronchogenic Carcinoma. K. HIDUCHENKO 610

The Differential Grouping of Slowly Growing Mycobacteria Based on Their Susceptibility to Various Dyes. W. D. JONES, JR., AND G. P. KUBICA 613

Evaluation of a Skin Test for Cryptococcosis. J. E. BENNETT *et al* 616

Ductal Epithelial Tufting in the Lungs of Guinea Pigs Exposed to Cold. G. S. BAJWA *et al* 617

Simple Apparatus for the Production of Sputum for Bacteriologic Examination. S. ABRAMOWITZ AND M. J. SMALL 619

BOOKS 621

AMERICAN THORACIC SOCIETY:

Notices 623

ABSTRACTS 625

NUMBER 5, MAY 1965

Exercise Training with the Aid of a Portable Oxygen Supply in Patients with Emphysema. ALAN K. PIERCE, PEDRO N. PAEZ, AND WILLIAM F. MILLER 653

The Effects of Sarcoidosis on Pulmonary Function, with Particular Reference to Changes in Pulmonary Compliance. ROBERT D. SELLERS AND ARTHUR A. SIEBENS 660

Chronic Obstructive Lung Disease. II. Relationship of Clinical and Physiologic Findings to the Severity of Airways Obstruction. BENJAMIN BURROWS, ALBERT H. NIDEN, WILLIAM R. BARCLAY, AND JOHN E. KASIK 665

Epidemiology of Persistent Cough. ERNEST L. WYNDER, FRANK R. LEMON, AND NATHAN MANTEL 679

Diagnostic Usefulness of Marrow Biopsy in Disseminated Tuberculosis. E. W. Heinle, Jr., W. N. Jensen, and M. P. Westerman 701

Tissue Metabolism in Infection. Liver Microsomal Enzymes of Mice and Guinea Pigs in Experimental Tuberculosis. I. Windman, M. Artman, and A. Bekierkunst 706

Enzymatic Activity of Leukocytes from Normal and from Tuberculous Subjects. Marvin J. Allison, Enrique Gerszten, Donald L. Brummer, and Shirley Carter 713

Comparative Study of the Mode of Action of Para-aminosalicylic Acid on *Mycobacterium Kansasii* and *Mycobacterium Tuberculosis*. Loyd W. Hedgecock 719

The Use of Ethionamide in Combined Drug Regimens in the Re-treatment of Isoniazid-Resistant Pulmonary Tuberculosis. James M. Schless, Richard F. Allison, Robert M. Inglis, Ellison F. White, and Sam Topperman 728

Classification and Identification of Mycobacteria. II. Tests Employing Nitrate and Nitrate as Substrate. Lawrence G. Wayne and Joseph R. Doubek 738

Behavioral Factors Affecting Medical Supervision of Nonhospitalized Tuberculous Patients. Donald Hochstrasser and Sally Lerner 746

NOTES:

Silicone-Coated Slide Culture Method for Tubercle Bacilli. II. A Culture Method in Blood-Containing Medium. S. Tsukuma *et al* 758

Clinical Studies on Ethambutol. S. Oka *et al* 762

Handling Small Volumes of Gas in Syringes for the Scholander Analyzer. Oxygen and Carbon Dioxide Concentrations of Sterilely Collected Gas. W. W. Waring and E. G. Matta 764

Diazo Replication of Thick Sections of Whole Lung in the Evaluation of Emphysema. R. P. Sherwin and S. L. Wyatt 768

CORRESPONDENCE: The Colonial Greening Test as an Aid in Identifying *M. Fortuitum*, M. S. Tarshis; **Terminology for Yet-Unclassified Mycobacteria,** P. Hauduroy; **Bactericidal Effect of Isoniazid as a Function of Time,** G. Middlebrook and W. R. Barclay 773

BOOKS 776

AMERICAN THORACIC SOCIETY:

Notices 780

ABSTRACTS 781

Number 6, June 1965

The Pathogenesis of Pulmonary Tuberculosis Among Older Persons. William W. Stead 811

U. S. Veterans Administration-Armed Forces Cooperative Study on the Chemotherapy of Tuberculosis. XIII. Tuberculous Meningitis in Adults, with Special Reference to Survival, Neurologic Residuals, and Work Status. Abraham Falk 823

Isolation from Human Urine of a Polypeptide Having Marked Tuberculostatic Activity. SHUSUKE TSUJI, SHUNSAKU OSHIMA, YUTAKA FUJITA, NAGAYASU OKADA, AND MICHIRO NAKASHIMA 832

The Isolation from Tuberculin of Two Different Polysaccharides Having Anaphylactic Activity. Their Chemical and Biologic Properties. YUICHI YAMAMURA, YOSHIMA OKADA, SABURO NAGAMATSU, AND TETSUJI IMADA 839

Various Lung Inflation-Fixation Techniques in the Study of Pulmonary Tuberculosis. A Preliminary Report. S. DONALD GREENBERG, DANIEL E. JENKINS, AND DAVID BAHAR 846

The Effects of Intermittent Hyperbaric Oxygen Therapy on the Development of Tuberculosis in the Rabbit. P. J. CHANDLER, M. J. ALLISON, G. MARGOLIS, AND E. GERSZTEN 855

Chronic Obstructive Lung Disease. III. Interrelationships of Pulmonary Function Data. BENJAMIN BURROWS, RICHARD H. STRAUSS, AND ALBERT H. NIDEN .. 861

Timed Vital Capacity in Children. K. ALBERT HARDEN, JEAN A. WONG, CHRISTINA CARR, THOMAS G. SHELTON, AND ROLAND B. SCOTT 869

Pulmonary Disease in Myotonic Dystrophy. W. PRUZANSKI AND A. PROFIS 874

The Effect of Near-Ultraviolet Light on Staphylococci and Mycobacteria in Droplet Nuclei. M. L. COHN AND G. MIDDLEBROOK 880

Atypical Mycobacteria in Western Australia. K. J. M. CARRUTHERS AND F. G. B. EDWARDS 887

Natural History of Tuberculosis in the Human Body. VIII. Prognosis among Tuberculin Reactor Girls and Boys of Thirteen to Seventeen Years. J. ARTHUR MYERS, J. E. BEARMAN, AND HUBERT G. DIXON 896

CASE REPORTS:

Nonobstructive Atelectasis. ROBERT L. PINCK, BENJAMIN BURBANK, SEYMOUR S. CUTLER, SIDNEY SBAR, AND MARIO MANGIERI 909

Idiopathic Pulmonary Hemosiderosis in Adults. A Study of Fetal and Maternal Tissues in a Case of Death during Pregnancy. URSULA T. SLAGER ... 915

NOTES:

Reducing Amphotericin B Reactions. II. Vomiting. J. P. UTZ *et al.* 925

Can BCG Vaccination Induce Skin Hypersensitivity to Histoplasmin? L. A. SIMEONOV 927

The Effect of Near-Ultraviolet Light on Culture Media. M. L. COHN AND G. MIDDLEBROOK 929

Comparison of Four Methods of Determining Arterial Carbon Dioxide Tension in Patients with Pulmonary Disease. D. L. KELBLE AND S. Y. BARNES 930

The Effect of Respiratory Muscle Dysfunction on Pulmonary Function. Studies in Patients with Neuromuscular Disease. H. KELTZ 934

CORRESPONDENCE: Acquired Immunity to Tuberculosis, P. D. HART AND I. SUTHERLAND; **Roentgenologic Criteria for the Recognition of Nonsymptomatic Pulmonary Emphysema,** R. D. PARKS AND G. L. BAUM; **Health Challenges Today,** L. A. OLSON, G. JAMES; **TB or Not TB,** C. V. Z. HAWN 939

VOLUME 92
JULY–DECEMBER, 1965

PUBLISHED MONTHLY
AT MT. ROYAL AND GUILFORD AVENUES, BALTIMORE, MD., 21202
BY THE NATIONAL TUBERCULOSIS ASSOCIATION

CONTENTS: ORIGINAL ARTICLES

NUMBER 1, JULY 1965

Experimental Emphysema. Basis, Review, and Critique. HOLLIS G. BOREN 1
Epidemiology of Asthma and Allergic Rhinitis. I. In a Rural Area. J. MONTGOMERY SMITH AND LLOYD A. KNOWLER 16
Epidemiology of Asthma and Allergic Rhinitis. II. In a University-Centered Community. J. MONTGOMERY SMITH AND LLOYD A. KNOWLER 31
Hepatic Tolerance of Ethionamide. J. PERNOD 39
Community-Wide Tuberculin Testing Study in Pamlico County, North Carolina. LYDIA B. EDWARDS AND DAVID T. SMITH 43
Nonspecific Early Type of Tuberculin Reaction. BELA O. DUBOCZY 55
The Effect of Cortisone upon Experimental Pulmonary Cryptococcosis. HANS H. GADEBUSCH AND PAUL W. GIKAS 64
Modification of Cellular Constituents during Growth of *Mycobacterium Phlei*. BYRON S. TEPPER 75
The Effect of Organic Acids, Serum Albumin, and Wetting Agents on Lag Phase, Dispersed Growth, and pH Stabilization in Mycobacterial Cultures. DAVID A. POWER AND JOHN H. HANKS 83
Racial Differences in Incidence of Chronic Bronchitis. Preliminary Report. DONALD MASSARO, ANGELA CUSICK, AND SOL KATZ 94
A Comparison of Pulmonary Compliance in Young Smokers and Nonsmokers. RICHARD A. KRUMHOLZ, ROBERT B. CHEVALIER, AND JOSEPH C. ROSS 102

Case Reports:
- **Bleeding into Pulmonary Cyst Associated with Anticoagulant Therapy.** DONALD C. KENT 108
- **Pulmonary Pathophysiology of Fat Embolism.** LESLIE WIENER AND DOUGLAS FORSYTH 113

Notes:
- **The Effect of Isoniazid on the Incorporation of Amino Acids into Protein by a Soluble System of Mycobacteria.** A. TOMCSÁNYI 119
- **Skin-Test Activity of Dialyzed Coccidioidins.** E. B. WALLRAFF AND S. A. WILSON 121
- **The Evaluation of Pulmonary Function by the Snider Match Test.** S. ABRAMOWITZ *et al* 124
- **Simple, Convenient Apparatus for Measuring Maximal Midtidal Pressures and Flows.** A. W. BRODY *et al* 129

Veterans Administration-Armed Forces:
- **Twenty-Fourth Research Conference in Pulmonary Diseases.** EMIL ROTHSTEIN 135

Books 147

American Thoracic Society:
- **Obituary** 152
- **Notices** 153

Abstracts 157

NUMBER 2, AUGUST 1965

Dissociants of *M. Tuberculosis* and Atypical Mycobacteria. HOBART A. REIMANN AND PEARL PIK CHUN MA 193
Pulmonary Calcifications Following Varicella. ALAN F. KNYVETT 210
Refractory Dyspnea and Orthopnea. Evidence of Recurrent Pulmonary Embolism and Infarction. HARRY B. GREENBERG 215
Correlation of Structure and Function in Chronic Pulmonary Emphysema. S. WATANABE, M. MITCHELL, AND A. D. RENZETTI, JR. 221
A Four-Dimensional Approach to the Study of Pulmonary Anatomy and Physiology. The William Snow Miller Memorial Lecture. VERNON E. KRAHL 228
A Mylar and Aclar Plastic Method for Giant Histologic Sections of the Lung. LEA V. GILLETTE AND RUSSELL P. SHERWIN 238
Factors Responsible for Carbon Dioxide Retention in Chronic Obstructive Lung Disease. SUNG SUH PARK 245
Fluorescent Antibody Techniques with Mycobacteria. W. D. JONES, JR., HAJIME SAITO, AND G. P. KUBICA 255
Rehabilitation Problems among Special Types of Tuberculous Patients. MARVIN B. SUSSMAN, MARIE R. HAUG, AND MARJORIE R. LAMPORT 261

Case Reports:
Diffuse Malignant Mesothelioma of the Pleura. FELICE MANFREDI, DAVID ROSENBAUM, AND RICHARD H. CHILDRESS 269
Sarcoidosis in a Beautician. EDUARDO U. HERRERO, HOWARD H. FEIGELSON, AND ABRAHAM BECKER 280
Editorial: The Need to Establish "Species Type Strains" in the Mycobacterium Genus. P. HAUDUROY, M. LUCCHESI, AND D. SUDIC 284

Notes:
Vital Capacity in the Negro. S. ABRAMOWITZ *et al.* 287
Percutaneous Arterial Catheterization for Blood Sampling. K. H. KILBURN 293
A Simplified Method for Thoracentesis and Pleural Fluid Drainage. P. H. GOTT 295
A Rapid Method for the Demonstration of Arylsulfatase in Mycobacteria. Its Presence among Members of the Genus Mycobacterium. S. R. PATTYN AND M. T. HERMANS-BOVEROULLE 297
Histologic Differences between Experimental Cavernous Tuberculosis in Rabbits and Human Cavitary Disease. J. KRUML *et al.* 299
Books 303

American Thoracic Society:
Abstracts of Papers Presented at the Annual Meeting of the American Thoracic Society Held in Conjunction with the Meetings of the National Tuberculosis Association and the National Conference of Tuberculosis Workers, May 30 to June 2, 1965 308
Notices 340
Abstracts 343

NUMBER 3, SEPTEMBER 1965

The Significance of Yokohama Asthma. MURRAY SPOTNITZ 371
Corticosteroids in Pulmonary Tuberculosis. I. Over-all Results in Madison-

Minneapolis Veterans Administration Hospitals Steroid Study. J. R. Johnson, B. C. Taylor, J. F. Morrissey, J. W. Jenne, and F. M. MacDonald 376

Re-examination of Cavity-Aspiration Therapy for Far-Advanced, Drug-Resistant, Cavitary, Pulmonary Tuberculosis. Introduction of a New Cavernoscope and Its Clinical Use Following Monaldi's Cavity-Aspiration Therapy. Kyoitsu Ogata and Kingo Shinoi 392

Urinary Excretion of Neutral 17-Ketosteroids and Pregnanediol by Patients with Lung Cancer and Emphysema. Jessie Marmorston, Hyman W. Gierson, Sara M. Myers, and Elizabeth Stern 404

Urinary Excretion of Estrone, Estradiol, and Estriol by Patients with Lung Cancer and Emphysema. Jessie Marmorston, Hyman W. Gierson, Sara M. Myers, and Elizabeth Stern 417

Pathophysiology of Ventilatory Failure. Yosvi Sukumalchantra and M. Henry Williams, Jr. 428

Arterial Studies in Primary and Secondary Polycythemic Disorders. John F. Murray 435

The Functional and Bronchographic Evaluation of Postmortem Human Lungs. Clinical, Physiologic, Roentgenologic, and Pathologic Correlations in Normal Subjects and Patients with Emphysema and Chronic Bronchitits. Thomas L. Petty, Roger Miercort, Stephen Ryan, Thomas Vincent, Giles F. Filley, and Roger S. Mitchell 450

Estimates of the Prevalence of Tuberculous and Histoplasmal Infections in a Sample of the Population of Tecumseh, Michigan, 1960. H. J. Dodge, M. W. Payne, W. M. Whitehouse, and K. A. Bauman 459

Photochromogenic Mycobacterial Pulmonary Disease. Karl H. Pfuetze, Le Van Vo, Arthur F. Reimann, George S. Berg, and William Lester 470

Case Reports:

Pulmonary and Cerebral Cryptococcosis without Meningitis. William A. Werner 476

Idiopathic Pulmonary Hemosiderosis, M. L. Samuels, C. D. Howe, and James Butler 479

Notes:

Syndromes of Ectopic Hormone Production Associated with Pulmonary Neoplasms. P. G. I. Stovin 484

Effect of Pulmonary Resection for Tuberculosis on Vital Capacity and Maximal Breathing Capacity. J. H. Foster *et al.* 489

Differentiation of Mycobacteria by Picric Acid Tolerance. Michio Tsukamura 491

Bulletin of the World Health Organization: Abstracts, Agnes Fahy 493

Books 500

American Thoracic Society:

The Present Status of Genitourinary Tuberculosis. A Statement of the Committee on Therapy 505

Chemotherapy of Pulmonary Tuberculosis in Adults: The Choice of Drugs in Relation to Drug Susceptibility. A Statement of the Committee on Therapy 508

Chronic Obstructive Lung Disease. A Statement of the Committee on Therapy 513
Notices 519
Abstracts 523

NUMBER 4, OCTOBER 1965

Medical Service, Education, and Research
Medical Research. JAMES A. SHANNON 551
Medical Education. ROBERT H. EBERT 554
Bronchial Adenoma. A Review of Twenty-Eight Cases. GEORGE BOWER 558
Hyperbaric Research in Chronic Pulmonary Disease. A Hypothesis and a Brief Review. R. L. YANDA 564
The Effect of Position on Pulmonary Function in Chronic Obstructive Lung Disease. JEROME S. BRODY AND JON B. GLAZIER 579
Bronchospirometric Studies of Pulmonary Function after Unilateral Ligation of the Pulmonary Vein or the Pulmonary Artery. J. GERARD MUDD, WILLIAM F. KISTNER, C. ROLLINS HANLON, AND D. R. BURKE 589
Chlorpromazine-Induced Emphysema. Results of an Initial Study in the Horse. RICHARD F. MCLAUGHLIN, JR., WALTER S. TYLER, DONALD W. EDWARDS, GERALD L. CRENSHAW, ROBERT O. CANADA, MURRAY A. FOWLER, EDWARD A. PARKER, AND GEORGE H. REIFENSTEIN 597
Hyponatremia Resulting from Apparently Inappropriate Secretion of Antidiuretic Hormone in Patients with Pulmonary Tuberculosis. HAROLD WEISS AND SOL KATZ 609
Extracellular and Intracellular Acid-Base Relations in Patients with Chronic Anemia. FELICE MANFREDI 617

Case Reports:
Lung Abscess Caused by Nonchromogenic *Serratia Marcescens*. HARRY R. ELSTON AND CHARLES W. MAGNUSON 624
Acute Pulmonary Edema Following the Treatment of Spontaneous Pneumothorax with Excessive Negative Intrapleural Pressure. MORTON M. ZISKIND, HANS WEILL, AND ROBERT A. GEORGE 632

Notes:
Precipitins in Histoplasmosis. J. F. BUSEY AND P. F. HINTON 637
Preliminary Studies of H and M Components of Histoplasmin for Skin Tests and Serology. J. H. SCHUBERT AND G. L. WIGGINS 640
Antimycobacterial Properties of Glycyl Hydroxamic Acid and Beta-Alanyl Hydroxamic Acid. G. R. GALE AND J. E. HAWKINS 642
Correspondence: Roentgenologic Criteria for the Recognition of Nonsymptomatic Pulmonary Emphysema, P. C. PRATT; **Open Windows and Susceptibility to Asthma or Bronchitis,** M. SPOTNITZ; **Microorganism from Three Patients with Systemic Disease,** D. B. LOURIA; **Nonfatal Pulmonary Hemorrhage and Glomerulonephritis,** D. DAVIES 647
Books 649

Notices 660
Abstracts 663

NUMBER 5, NOVEMBER 1965

The J. Burns Amberson Lecture. Present Aspects of Bacterial Resistance in Tuberculosis. GEORGES CANETTI 687
Relationship of Colonial Morphology to Virulence for Chickens of *Mycobacterium Avium* and the Nonphotochromogens. JOAN A. MOEHRING AND MORRIS R. SOLOTOROVSKY 704
Absence of Detrimental Effect of the Carrier State for the Cystic Fibrosis Gene. WILBUR Y. HALLETT, ALFRED G. KNUDSON, JR., AND FRANK J. MASSEY, JR. 714
A Starling Roost as the Source of Urban Epidemic Histoplasmosis in an Area of Low Incidence. D. J. D'ALESSIO, R. H. HEEREN, S. L. HENDRICKS, P. OGILVIE, AND M. L. FURCOLOW 725
Isoniazid Prophylaxis in Contacts of Persons with Known Tuberculosis. Second Report. OVID B. BUSH, JR., MASAMITSU SUGIMOTO, YOSHIKO FUJII, AND FRANK A. BROWN, JR. 732
An Immediate Skin Test for the Diagnosis of Active Pulmonary Tuberculosis. HARRY GLENCHUR, BYRON E. FOSSIECK, JR., AND MILTON SILVERMAN 741
Effects of Early Comprehensive Rehabilitation Services in Tuberculosis. An Interagency Experimental Study. FREDERICK J. MOORE 749
Pulmonary Tuberculosis and Carcinoma of the Lung. A Survey from Two Population-Based Disease Registers. RUTH STEINITZ 758
Second Pulmonary Neoplasms among Long-Term Survivors of Lung Cancer. KATHARINE R. BOUCOT, WILLIAM WEISS, AND DAVID A. COOPER 767
Chronic Diffuse Pulmonary Infiltration and Airway Obstruction. JAMES H. CULLEN, HARRY L. KATZ, AND JOHN T. KAEMMERLEN 775
Expiratory Air-Flow Pattern in Tracheobronchial Collapse. ALASTAIR H. CAMPBELL AND L. W. FAULKS 781
Studies of Human Connective Tissue. II. Amino Acid Composition of Residues Following Collagenase Digestion of Lung Connective Tissues. MARTIN FITZPATRICK AND VERNE D. HOSPELHORN 792
Chronic Pulmonary Disease in the Wild Buffalo (Syncerus Caffer) in Uganda. W. M. THURLBECK, C. A. BUTAS, E. M. MANKIEWICZ, AND R. M. LAWS 801

Case Reports:
Effect of Posture on Arterial-Alveolar Carbon Dioxide Gradient and Physiologic Dead Space Measurements. GEORGE C. BURTON AND WILLIAM C. FOWKES 806
Air Embolism during Pneumoperitoneum Refill. N. A. SALIBA AND G. MAYA 810

Notes:
Performance of Olympic Runners at Altitudes of 7,350 and 5,350 Feet. J. T. REEVES *et al.* 813

Effect of Ultraviolet Irradiation on the Acid-Fastness and Gram-Positivity of Mycobacteria. T. Murohashi and K. Yoshida 817
Dyspnea and Pulmonary Function Tests. G. C. Leiner *et al.* 822
Books 824

American Thoracic Society:
Amberson Lecture 828
Notices 830
ABSTRACTS 833

Number 6 (Part 1), December 1965

Tuberculosis First Registered at Death. David G. Simpson 863
The Attenuated W115 Strain of M. Tuberculosis Hominis and Its Isoniazid-Resistant Variant. J. Weissfeiler and Valentina Karasseva 870
Latent streptococcal Infection and Carrier State During Primary Tuberculosis in Children. P. Mozziconacci, J. Gerbeaux, A. Baculard, M. Donnadieu, and R. Caravano 877
The Effect of IPPB in Acute Ventilatory Failure. Yosvi Sukumalchantra and M. Henry Williams, Jr. 885
Daily PCO_2 and pH Fluctuations in Pulmonary Emphysema with CO_2 Retention. Frederick R. Beerel and John W. Vance 894
Bacterial Infection and Some Effects of Chemoprophylaxis in Chronic Pulmonary Emphysema. II. Chemoprophylaxis with Daily Chloramphenicol. Anne L. Davis, Evelyn J. Grobow, Theresa Kaminski, Ralph Tompsett, and John H. McClement 900
The Maximal Midexpiratory Flow Rate. A Re-Examination. Bruce J. Sobol 914
The Influence of Lung Volume, Flow Rate, and Esophageal Pressure on the Sagittal Diameter of the Trachea in Patients with and without Airway Obstruction. G. J. Tammeling and H. J. Sluiter 919
Dynamics of Major Airways in Patients with Lung Disease. Hall G. Canter, Monte A. Herman, and Peter C. Luchsinger 932
Idiopathic Diffuse Interstitial Lung Disease. A Report of 42 Cases. Bryan H. R. Stack, Ian W. B. Grant, William J. Irvine, and Margaret A. J. Moffat 939

Case Reports:
Solitary Plasmacytoma of the Trachea. David E. Dines, John C. Lillie, Lowell L. Henderson, and J. Minott Stickney 949
Simultaneously Occurring Pulmonary Coccidioidomycosis and Histoplasmosis. A Case Report. Levi V. Perry, Daniel E. Jenkins, and Frances C. Whitcomb 952

Notes:
Estimation of Differential Pulmonary Blood Flow by Bronchospirometry and Radioisotope Scanning During Rest and Exercise. Victor Chernick, Vincent Lopez-Majano, Henry J. Wagner, Jr., and Robert E. Dutton 958
Reducing Amphotericin B Reactions. III. Use of a Preparation with Increased Phosphate Buffer. T. W. Williams, J. P. Utz, and D. W. Alling 963

Ethionamide, 750 mg. Plus Isoniazid, 450 mg. Daily, in Previously Untreated Cases of Pulmonary Hemosiderosis. A. W. Lees 966
Primary Resistance of M. Tuberculosis in Queensland. Z. M. Blacklock and M. F. Sutton 970
Protective and Serologically Active Fractions from Phenol Extract of Mycobacterium Tuberculosis. Loyd W. Hedgecock 973
The Complement-Fixing Antibody Response in Bovine Inoculated with Heat-Killed Mycobacteria. K. R. Long, W. F. McCulloch, and F. H. Top. 979
A Comparison of Jet Injection with the Mantoux Test in Mass Skin Testing with Tuberculin. T. A. Cockburn, M. T. Witt, C. E. Ludlow, and K. E. Macleod 982
Books 986
